

West Lake Landfill – Public Comment Period

The U.S. Environmental Protection Agency (EPA) Region 7 has published the **Proposed Plan** and initiated a public comment period for the West Lake Landfill Superfund Site, located in Bridgeton, Missouri.

The public comment period will run from Feb. 6, 2018, through March 22, 2018.

A **Public Meeting** to inform residents of the Proposed Plan, and obtain comments on the Proposed Plan and EPA's preferred remedy, will be held:

Tuesday, March 6, 2018
6 p.m. to 9 p.m.
District 9 Machinists Hall
12365 St. Charles Rock Road
Bridgeton, Missouri

Written comments will be accepted throughout the comment period, and oral comments may be submitted at the EPA Public Meeting.

EPA encourages residents to register in advance to submit comments at the Public Meeting. Registration will be held on a first-come, first-serve basis. Residents may register by contacting Ben Washburn, community involvement coordinator, at 913-551-7364 or washburn.ben@epa.gov.

Written comments on the Proposed Plan may be submitted as follows:

- **Online:** See comment form below or send email to: R7_WestLakeLandfillPublicComments@epa.gov
- **Postal Mail:** Ben Washburn, Office of Public Affairs, U.S. EPA Region 7, 11201 Renner Blvd., Lenexa, KS 66219. Mailed comments must be postmarked by March 22, 2018.

You can review the Proposed Plan, supporting documents, and Administrative Record on the [EPA West Lake Landfill page](#).

Comment (Required)

The West Lake Landfill has been an issue for Missouri for far too long. Thank you for enacting a plan for the site. Although the plan is a step in the right direction, I wonder why there are no provisions for onsite disposal. This would be the safest option and would also allow for the quickest response for clean up time. Please use the current site for disposal of the materials.
